No, I can't take the liberty of hiring the town militia to hunt down the creatures infesting the sewers, that would only make the rumor worse and I don't want to have to deal with a riot... Will you help me?

We will exterminate this scum, Lord Mayor.

Ok, but we will have to know more about those things which have invaded the basements of your city.

So, sounds like someone's scared of not getting reelected again?

And at how much do you estimate the value of our help and our... discretion?

# A TRUE OLD-SCHOOL RPG

In the finest tradition of the 80-90's RPG such as the famous *Dungeon Master*, *Eye of the beholder II*, *Might and Magic IV* or the *Ultima* series, the heroes are living adventures and exploring vast regions.

Gold coins, weapons, armors, magic items, traps, mechanisms and other artefacts will be useful to your heroes to level up, quest after quest, village after village and dungeon after dungeon up to the end of an enthralling story.

Puzzle games are used during tactical, aesthetically-pleasing fights but are not an end per se: *Celsius Heroes* places a greater emphasis on the story.

# FREE TO PLAY

AND AVAILABLE ON ALL PLATFORMS

100% cross-platform, *Celsius Heroes* can be played on iOS and Android mobiles and tablets, as well as on a computer via Facebook.

New partnerships will also allow to play *Celsius Heroes* on other platforms.

You can play with the same account on any platform and seamlessly switch from one to another; moreover, you can play with your friends even if they are using a different platform.

Expect PvP soon...
